

MC 12-Light Production Kit

Product Description

The Aputure MC 12-Light Production Kit is designed for owner-operators and rental houses. Including a built-in accessory drawer, as well as AC and 12V DC charging via D-Tap, this kit was built to be taken on any size production and provide the ultimate mini LED light in the perfect package.

The Aputure MC is a mini RGBWW LED Panel. This light features HSI color control and a CCT range of 3200K-6500K, giving you a full range of color options. It is also compatible with Aputure’s own Sidus Mesh technology, so you can use the Sidus Link app to unlock all of the light’s capabilities.
