Assembly Steps

Setting Up the Talent Monitor

Using the shorter 4 x 10mm Screws, attach the VESA Monitor Mount. Make sure that the long end of the VESA Monitor Mount is pointing in the direction of the power button like the image above. Use the Mounting Knob to tighten the 15mm Rod Adapter to the VESA Monitor Mount.

Setting Up the Teleprompter Monitor (Monitor from the PT4500-SDI/PT4700-SDI)

If the mounting brackets where previously installed on the teleprompter monitor, remove those screws. Using the longer 4 x 15mm Screws and 4 x Riser Washers attache the mounting brackets with the washers between the bracket and monitor like the image below.

Attaching the Talent Monitor

After both the talent monitor and teleprompter monitor are set up, slide the talent monitor on to the PT4500-SDI/PT4700-SDI.

WARNING We recommend at least 1 inch of rod should be left inside the teleprompter base.
